

The power of one voice

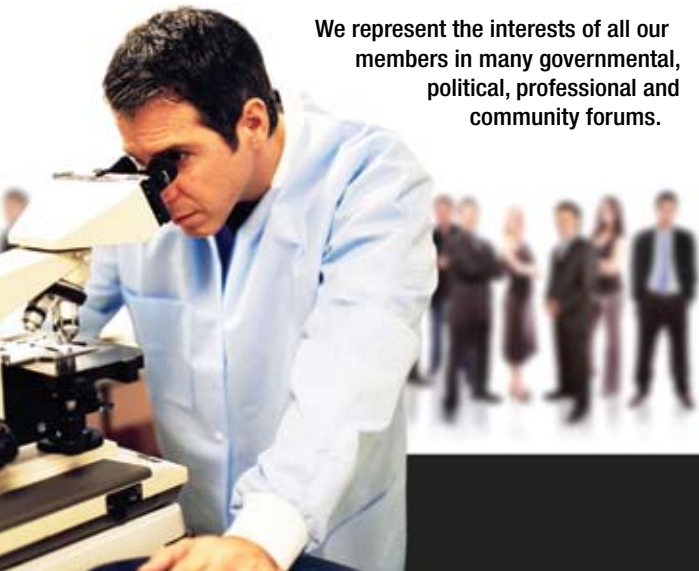

AAPP membership offers a united voice for the private pathology industry in Australia

The role of the AAPP

**AAPP is the voice for private pathology
in Australia.**

**We represent the interests of all our
members in many governmental,
political, professional and
community forums.**

The benefits of AAPP membership

As a member of AAPP you will:

- be at the forefront of decision making processes that impact on the provision of high quality, safe and cost-effective pathology.
 - become part of a professional network where your expertise is recognised, valued and sought.
 - have direct input (through AAPP) into government policy-making processes that affect the pathology industry and the broader healthcare environment.
 - receive regular communications from the CEO who will keep you abreast of pathology news as it happens.
 - receive “AAPP week in reviews” and monthly comprehensive statistical reports.
 - be invited to contribute to projects and attend the quarterly Members Council meetings.
- AAPP is an Association with a genuine member focus - join us today.

For more information about becoming an AAPP member, or to order a membership pack, please call or email your request.
